- Rural
- Wooded

Description

Located in the Tidewater section of Foxwood Hills, this parcel is .34 of an acre. Per the subdivision restrictions, it allows stick built homes or mobile homes less than 3 years old to be placed on the lot. Mobile homes must have a permanent foundation. At only 600 minimum square feet for stick built homes and 650 minimum square feet of living space required for mobile homes, this is a great option for building your cottage or vacation home. This land is located in a bend in the road and has a slight slope to the land across the front. Foxwood Hills is a large subdivision located in Western SC near the GA line. Community amenities include tennis court, boat ramp, playground area, large clubhouse, Olympic size pool and more. Foxwood Hills has a private water and sewer company that serves its residents. HOA fees are very cost effective for the level of amenities available to it's residents. Portions of some pictures may include land not listed for sale. Property purchased through a tax sale.
