Description

The desirable Litchfield plan is a masterfully designed single level home with a great open concept kitchen, living room, and dining area with 11' ceilings. Access to the spacious rear covered porch through a 4 panel sliding door just off the dining area creates a wonderful outdoor space to relax and unwind. The 4 panel slider also allows natural light to fill the main living area. The kitchen features include a corner walk in pantry, stainless steel appliances, granite countertops, and a large island with breakfast bar. Located at the back of the home, the private owner's suite offers dual walk-in closets, a separate linen closet, double vanity, and a 5' shower. At the front of the home are three secondary bedrooms creating separation from the primary suite. This is America's Smart Home! Each of our homes comes with an industry leading smart home technology package that will allow you to control the thermostat, front door light and lock, and video doorbell from your smartphone. 3 car garage with garage door opener. *Photos are of a similar Litchfield home with a 2 car garage. The 3 car garage is a new option and the exterior photo will be updated with the 3 car garage option once construction is complete. (Home and community information, including pricing, included features, terms, availability and amenities, are subject to change prior to sale at any time without notice or obligation. Square footages are approximate. Pictures, photographs, colors, features, and sizes are for illustration purposes only and will vary from the homes as built. Equal housing opportunity builder.)
