Description

This is the North Myrtle Beach lifestyle you've been waiting for. Tucked inside the gated Water's Edge community, 1116 Inlet View Drive offers something increasingly hard to find near the coast—space, privacy, a rare 3-car garage, and a location that keeps you close to everything that makes North Myrtle Beach special. Step inside and you'll immediately notice how comfortably this 4-bedroom, 2.5-bath home lives. Nearly 2,300 heated square feet are centered around a bright, open-concept living area where the kitchen, dining and gathering spaces flow naturally together. The kitchen features granite countertops, stainless steel appliances, upgraded cabinetry, a large dining-height bar and plenty of room for everything from quiet mornings at home to evenings spent entertaining friends. One of the home's best features is the first-floor primary suite, creating a private retreat away from the three additional bedrooms upstairs. The second level adds even more flexibility with a spacious loft that can become a home office, media room, workout space, playroom or additional gathering area. Then there's the backyard. Step outside and the pace slows down. Mature landscaping, a fenced setting and an inviting pergola create a peaceful outdoor escape made for morning coffee, afternoon grilling and evenings spent enjoying the Carolina air. And don't overlook the 3-car garage—a rare find that provides exceptional room for vehicles, a golf cart, beach gear, storage and everything that comes with living at the coast. Water's Edge offers a friendly setting with a community pool, clubhouse and fitness amenities, all while keeping you close to the beach, Cherry Grove, restaurants, shopping, golf and the waterways of North Myrtle Beach. This isn't simply a house near the beach. It's a place designed to make living at the beach even better. Welcome to 1116 Inlet View Drive.
