Description

Welcome to effortless coastal living in the highly sought-after community of Heather Glen, where this beautifully upgraded single-story home combines space, style, and an incredible lakefront setting. Situated on a large lot overlooking the lake, this 4-bedroom, 3-bath home has been thoughtfully enhanced inside and out and is truly move-in ready. Step inside to a bright, open floor plan featuring NO carpet, plantation shutters throughout, upgraded lighting, and plenty of natural light. The spacious layout offers comfortable everyday living with room for family and guests, all conveniently located on one level. An enclosed sunroom creates an additional living space where you can relax and enjoy the beautiful lake views year-round. Step outside and the backyard becomes an extension of the home with a custom fire pit and expansive paver patio designed for entertaining, grilling, or simply unwinding while taking in those peaceful Carolina evenings by the water. Even the garage has been upgraded—the oversized 3-car garage features a durable polyaspartic floor coating, providing plenty of room for vehicles, a golf cart, storage, or hobbies. Additional upgrades include a whole-home water filtration system and numerous thoughtful touches throughout. Heather Glen offers an impressive array of amenities including multiple large lakes, a community pool and clubhouse, fitness center, yoga studio, event space, playground, fenced dog park, community blueberry garden, and inviting indoor and outdoor gathering areas. Located in Little River on the North End, you'll enjoy the relaxed coastal lifestyle while remaining close to North Myrtle Beach, golf, shopping, dining, entertainment, medical facilities, and, of course, having your toes in the sand. This is more than a home—it's the Carolina lifestyle you've been waiting for.
