Description

If you've been looking for a place near the beach that actually feels like home?not just a house--- 114 N Oak Dr in Surfside Beach is one you'll want to see. It's just a short golf cart ride or walk to the ocean, so grabbing your morning coffee and heading to the shore can easily become part of your routine. And with no HOA, there's a sense of freedom here that's getting harder to find. Inside, the home feels bright and easygoing from the moment you walk in. The main living area is open and filled with natural light, making it a comfortable space to relax or have friends over. The kitchen is set up in a way that just works---stainless steel appliances, plenty of cabinets and counter space, and a breakfast bar that tends to become the go-to gathering spot. One of the standout features is that every bedroom has its own full bathroom with tiled showers, which makes a big difference whether you have guests or just want everyone to have their own space. The primary suite, in particular, feels like a true retreat with high ceilings, a large walk-in closet, and a bathroom with double sinks, a walk-in tiled shower, and a whirlpool tub. Newer tankless water heater for renter convenience, and the Paid-Off solar panels and foam insulation in the attic for efficiency and lower electric bills. Outside is where this home really shines. The front balcony is perfect for catching the coastal breeze, while the fenced backyard and covered area underneath the home give you plenty of space to hang out, entertain, or just unwind after a day at the beach. The location also makes everyday life easy---you're just minutes from the Surfside Pier, Murrells Inlet MarshWalk, Brookgreen Gardens, plus tons of great restaurants, golf courses, and shops. All in all, it's the kind of home that makes beach living feel simple, comfortable, and completely within reach.
