Description

Classic midcentury style, thoughtful updates and an exceptional .63-acre setting come together beautifully in this distinctive three-bedroom, two-bath home. With 1,814 square feet of inviting living space, the home has been freshly painted and refreshed with an eye toward preserving the character that makes midcentury design so appealing. Gorgeous floors and distinctive period lighting reinforce the home's midcentury character, while the updated kitchen feels fresh and current yet perfectly suited to the architecture. A fantastic fireplace anchors the den, creating a warm and inviting gathering space and adding another layer of midcentury personality. The primary bedroom features two closets and a beautifully updated private bath, while two additional bedrooms offer flexibility for family, guests or a home office. Outside, the .63-acre lot is a true standout. Mature trees create a natural border around the property, providing a wonderful sense of privacy and an unusually generous setting. A two-car garage and dedicated workshop add valuable space for storage, hobbies and projects. Fresh, stylish and full of character, this is a home that honors its midcentury roots while offering the comfort, updates and space that make it easy to enjoy today.
