Description

BETTER THAN NEW — one-level living, thoughtful upgrades, and a location that makes everyday life easier. Built in 2023 and thoughtfully improved since, this beautifully maintained ranch combines the benefits of newer construction with upgrades already in place. Fresh landscaping, brand-new sod, and beautifully updated bathrooms add the finishing touches, creating a home that's truly move-in ready. Located in South Forest Estates, you'll enjoy convenient access to I-85, shopping, dining, and everything Greenville has to offer while coming home to an established neighborhood. The open floor plan creates an easy flow for everyday living, with luxury vinyl plank flooring, abundant natural light, and a spacious kitchen featuring quartz countertops, ample cabinetry, and a functional layout designed for everyday living. Both bathrooms have been recently refreshed, including a beautifully updated tile shower in the primary suite and a newly finished guest bath, adding a level of style that's often missing in newer homes. The spacious primary suite also features double vanities and a walk-in closet, creating a comfortable retreat at the end of the day. Step outside to the rear deck overlooking the level backyard, an ideal spot for morning coffee, grilling, or simply unwinding after a busy day. If you've been searching for a newer home with the updates already completed and a location that keeps you connected to everything Greenville has to offer, this is one you'll want to experience in person.
