Description

WELCOME TO 119 RIVER OAKS ROAD IN LITTLE MOUNTAIN! If you have been looking for a home that gives you space to live comfortably, room to grow, and privacy to enjoy it all, this property deserves a closer look. Set on approximately 7.52 acres, this spacious Craftsman-style home offers a rare combination of generous indoor living space and acreage, giving you room to enjoy the property without feeling confined by a typical neighborhood lot. More than 4,100 square feet of heated living space creates a flexible layout. With 5 bedrooms, 4 full baths, and 2 half baths, there is room for family, overnight guests, hobbies, working from home, or whatever your lifestyle calls for. Multiple living areas make it easy to spread out or come together when it's time to entertain. The kitchen is designed for everyday living, with plenty of workspace and storage, an island, pantry, breakfast area, and wet bar. The primary suite provides a comfortable private retreat, while the additional bedrooms give you options as your needs change. A \$10,000 carpet allowance is included with the sale, giving the buyer an opportunity to update the flooring to their own taste. Outside is where the property truly stands apart. With 7.52 acres, there is room to enjoy the privacy and breathing space that comes with owning more land, whether you're relaxing at home, spending time outdoors, or simply appreciating having more space between you and your surroundings. The 3-car garage provides plenty of room for vehicles, storage, equipment, or hobbies, while the 30x30 outbuilding adds even more space for storage, a workshop, equipment, or other needs. And for added peace of mind, the whole-house generator is included, providing dependable backup power when unexpected outages occur. 119 River Oaks Road is more than a large home, it is a place where you can spread out, enjoy your privacy, welcome the people you love, and have room for whatever comes next.
