Description

121 Northlake Drive presents a renovation or redevelopment opportunity on approximately 0.56 acres in Orangeburg. The existing house has been unfinished since construction work began around 2006, with little work completed since then. It is not habitable in its present condition and requires substantial work. County permitting documents from that period are available; no final inspection was completed. The property is being sold as is. Buyers should assess the structure and independently confirm with Orangeburg County what permits, inspections, repairs, or approvals would be required for their intended use. Previous documents are attached to the listing for your reference. Disclaimer: CMLS has not reviewed and, therefore, does not endorse vendors who may appear in listings.
