Description

MOVE-IN READY RANCH WITH AN INCREDIBLE HEATED 3-CAR GARAGE/SHOP! Situated on nearly an acre, this updated 3-bedroom, 2-bath home offers the perfect combination of comfortable living and exceptional workspace. Step inside to find new laminate flooring, fresh interior paint and smooth ceilings. The eat-in kitchen features granite countertops, painted cabinetry and pantry, while the inviting living room offers a gas-log fireplace. The primary suite includes a private bath and walk-in closet. Major updates include a new roof, HVAC replaced in 2025 and a tankless water heater. But the real showstopper is the detached 3-car heated garage/shop—ideal for the car enthusiast, hobbyist, collector or anyone needing serious workspace. One bay features a built-in paint booth, and the compressor and desiccant dryer system remain with the shop. A new electrical panel adds even more functionality. Outside, enjoy the .95-acre lot, wrap around covered front porch, patio and additional storage. Washer, dryer and refrigerator remain. No HOA! Move right in and start enjoying a property that's anything but ordinary! Disclaimer: CMLS has not reviewed and, therefore, does not endorse vendors who may appear in listings.
