Description

Thoughtfully maintained and move-in ready, this spacious 4-bedroom, 2.5-bath home in Bluefield West offers 2,308 square feet with plenty of room to spread out. The main level features a comfortable living room with a gas fireplace and an eat-in kitchen with granite countertops, an island, and newer stainless steel dishwasher and refrigerator. Just off the kitchen is a tucked-away office that makes a great quiet workspace or could easily be used as a formal dining room. Upstairs are all four bedrooms, including the spacious primary suite with a walk-in closet, garden tub and separate shower. Out back, the covered porch has plenty of room for both sitting and dining and overlooks the expansive, level, fully fenced backyard backing to woods. The home has been well cared for with the HVAC replaced in 2024, along with several recent updates and repairs completed before listing. The neighborhood pool and playground are right down the road, and you're just minutes from everyday shopping and dining. With a two-car garage, great outdoor space and so much already taken care of, this home is ready for its next owners to move in and enjoy.
