Description

Welcome to Waverly Bay at Prince Creek, where custom craftsmanship, resort-style amenities, and the Murrells Inlet lifestyle come together. Only five years young, this custom-built home offers buyers a rare opportunity for newer construction within this highly sought-after gated Prince Creek community. Tucked away on a cul-de-sac, the home immediately stands out with its thoughtful design, spacious layout, and upgraded finishes. At the heart of the home is a beautiful custom kitchen featuring 42-inch white cabinetry with detailed crown molding, granite countertops, stainless steel appliances, and an oversized center island made for gathering. The open living spaces are enhanced by luxury vinyl plank flooring, vaulted and tray ceilings, a gas fireplace, formal dining area, and an oversized bonus room offering flexibility for guests, a home office, media room, or additional living space. The spacious primary suite completes the retreat with a beautifully tiled shower and generous accommodations. Step outside and the lifestyle continues. A screened porch calls for fall football games while a custom paver patio and outdoor kitchen transform the backyard into an extension of the home, perfect for grilling, entertaining, dining outdoors, or winding down after a day at the beach. This is the kind of outdoor space that lets you enjoy coastal Carolina living without ever leaving home.
