Description

Space, flexibility, and thoughtful upgrades define this full brick home in Wren Creek at Weston Woods. Offering more than 5,200 finished square feet, including a rare 1,790 square foot finished walkout basement, the layout easily accommodates everyday living, entertaining, guests, and extended stays. The main floor centers around an open kitchen and living area featuring quartz countertops, an oversized island, gas range, wall oven, custom pantry shelving, engineered hardwood floors, and a gas fireplace. From the kitchen, step onto the covered rear deck overlooking the backyard. Also located on the main level are a dedicated office and the owner's suite, complete with custom closet shelving and a tiled bath with a soaking tub, separate shower, and double vanity. Four additional bedrooms with oversized closets are upstairs, along with tiled secondary bathrooms and a spacious bonus room suited for a media room, playroom, or additional living area. The finished basement offers its own central AC, a sixth bedroom, full bath, wet bar kitchenette, dedicated gym, storage room, and an expansive entertainment area with direct backyard access. This versatile level can function as private guest accommodations, a second living space, or the ultimate gathering area. Set on a .33 acre lot, the backyard offers mature trees, a retention pond view, and no homes directly behind the property. A commercial grade playground remains, full yard irrigation is included, and the hot tub is negotiable. Additional features include a two car garage with epoxy flooring and custom shelving, plus a tankless water heater. Residents enjoy access to the Wren Creek pool and clubhouse. The home is located within Richland Two schools and provides convenient access to I 77, downtown Columbia, Fort Jackson, and Lake Wateree.
