Description

Craftsman character meets modern-day living in one of Greenville's most convenient locations. Just minutes from the energy of Downtown Greenville and tucked just off Laurens Road, this beautifully appointed 4-bedroom, 3-bath bungalow offers approximately 2,500 square feet of thoughtfully designed space, impressive craftsmanship, and the kind of location that makes everyday life easy. Shopping, dining, entertainment, and outdoor adventures are all within easy reach, while GSP International Airport is just a short drive away. Built just four years ago, this home delivers the charm of a classic Craftsman with the benefits of newer construction. Detailed trim work, beautiful finishes, and generous proportions are found throughout. The main level features a spacious primary suite, a second bedroom, and an inviting living area designed for both everyday life and entertaining. At the heart of the home, the chef's kitchen showcases quartz countertops and ample workspace, while the large dining room and great room flank the kitchen, creating an ideal flow for gatherings. Upstairs, a large loft provides additional living space, perfect for a media room, playroom, or second gathering space. Two additional bedrooms are thoughtfully connected by a shared full bathroom, while a separate office/flex space offers even more versatility for working from home, hobbies, or guests. Thoughtful modern touches include an EV charger, offering added convenience for today's lifestyle. With its blend of Craftsman-inspired character, abundant living space, thoughtful design, and proximity to everything that makes Greenville so desirable, this home offers a rare opportunity to enjoy a newer home without sacrificing personality. Come see how easily this one fits the Greenville lifestyle.
