- Concrete

Description

Gorgeous landscaping and an oversized corner lot create an immediate first impression at 201 Carolyn Road in Easley's established Kingsberry Park neighborhood. This renovated 3-bedroom, 2-bath ranch blends the character of a 1961 home with extensive modern updates throughout. Inside, wide-plank oak LVP flooring, recessed lighting, updated fixtures, and abundant natural light carry through the kitchen, living room, and dining room. The renovated kitchen features quartz countertops, painted cabinetry, a center island, and updated appliances, while a glass slider off the dining area provides direct access to the backyard and back patio, creating a great space for outdoor entertaining. The primary suite includes an updated bath with a tiled shower, while the secondary bath features new tile flooring and refreshed finishes. A walk-in laundry room with built-in cabinetry adds additional storage and functionality. The spacious backyard also includes direct walkout access from the attached two-car garage and a 20x16 storage building. Electrical service has been run to the storage building but is not currently connected, providing future flexibility for storage, equipment, hobbies, or workshop use. Additional updates include new roofs on both the home and storage building and a new water heater. Located approximately 5 minutes from downtown Easley, 8 minutes from the Doodle Trail, and about 25 minutes from downtown Greenville, with convenient access to shopping, dining, and Highway 123.
