Description

15.5 ACRES • MULTIPLE WORKSHOPS & GARAGES • SPACE, PRIVACY & ENDLESS POSSIBILITIES If you've been searching for a property that gives you more than just a beautiful home, 205 Clement Road deserves your attention. Set on approximately 15.5 acres, this property combines comfortable living, incredible entertaining spaces, extensive workshops and garages, and the kind of privacy and freedom that's becoming harder to find. From the moment you arrive, you'll realize this isn't your typical residential property. With acreage surrounding you and multiple workshops, garages, and outbuildings throughout the property, there is room for the things you love to do. Bring the vehicles, equipment, tools, projects, recreational toys, or hobbies you've never had enough space for. Whether you're a car enthusiast, enjoy woodworking or hands-on projects, need serious storage, or simply want room to spread out, this property gives you options. Inside, the home is just as versatile. The kitchen is designed for people who actually love to use it, featuring a gas cooktop, double ovens, refrigerator, and plenty of workspace. From quiet mornings at home to holiday dinners and weekends filled with friends and family, it's a space made for both everyday life and entertaining. A dedicated private office gives you the ability to work from home without giving up another living space. Use it as an office, study, guest area, hobby room, or create a space entirely your own. Then there's the game room with its own wet bar, one of those spaces that makes this home especially fun. Think football Saturdays, pool or game nights, holiday gatherings, movie nights, or simply having a place to unwind at the end of the day. If entertaining isn't your priority, the flexible layout also allows this area to become a formal dining room or additional gathering space. Outside is where the possibilities really open up. With approximately 15.5 acres, you'll have room to breathe, explore, enjoy the outdoors, and experience a level of privacy that simply can't be created on a small lot. There's space between you and the rest of the world, while still having a home built for gathering when you want company. And those multiple workshops, garages, and outbuildings aren't just extra storage, they're a major part of what makes this property special. Imagine finally having dedicated space for your vehicles, tools, equipment, weekend projects, collections, hobbies, or whatever else you've been trying to squeeze into a standard garage. What makes 205 Clement Road so unique is that you don't have to choose between the things on your wish list. You can have the land and the comfortable home. The privacy and the spaces designed for entertaining. The home office and the game room. The garages and workshops and room to continue making the property your own. This is the kind of property that can fit your lifestyle today while giving you room for whatever comes next. Come walk the land. Explore the workshops. Step inside the home. See the space for yourself, and start imagining what you could do with 15.5 acres of your own. Schedule your private showing of 205 Clement Road today.
