Description

NOW OFFERED AT \$299,999 — ROOM TO LIVE, WORK, PLAY & GROW. If space is on your wish list, 22 Jackson Drive deserves another look. This classic brick home offers approximately 2,280 square feet above grade with four bedrooms, 2.5 baths, a two-car attached garage, and the kind of flexible living space that is increasingly difficult to find at this price point. And then there's the basement. With approximately 1,600 additional square feet—partially finished, with both interior and exterior access—it opens the door to a workshop, recreation space, home gym, storage, hobbies, or simply room for all the things you don't want taking over the garage. Set on approximately 2/3 of an acre, the home offers the space and character of an established property while leaving plenty of opportunity for a new owner to make the finishes their own. At \$299,999, there's a lot of house—and a lot of possibility—behind this front door.
