Flooded with natural light, this 3-story, Charleston-style Lowcountry home offers a spacious family room and dining room, showcased by double-piece crown molding and plantation shutters. The family room and adjacent eat-in kitchen continues this open concept, offering an inviting and spacious gathering place, complete with protected marsh views. The kitchen offers granite countertops, stainless steel appliances, 42-inch cabinets and a kitchen island. Step outside to the private screened-in porch, perfect for taking in your marsh front scenery. Upstairs, the oversized primary suite again overlooks the marsh setting, complete with tray ceilings and a massive walk-in closet. The primary bathroom -- --- includes a double vanity, a jetted tub and a separate shower. Two additional bedrooms, laundry room and a second full bath complete this cozy second floor. The third floor holds large 4th bedroom and a full bath, as well as an additional bonus space including a small office area. This floor is perfect for guests or a private home office. This home also includes an attached 2-car garage deep enough to store a boat. This is an incredible opportunity for marsh front living adjacent to great schools and a short drive to the beach!
