Description

Welcome 284 Catawba Branch Way! This beautifully landscaped home boasts an almost brand new Seer HVAC system, architectural shingles and plenty of upgrades. Perfect for someone looking for a turnkey home with tons of character, as one enters, one is greeted by a flex room to the left, currently being used as an office, and a half bath to the right. The open concept living space has upgraded cabinets, new tile work and a shiplap accent wall. Off the kitchen the owner has added a raised deck. Through the den is the primary bedroom, and upstairs are the remaining bedrooms with a shared full bath. A few things the current owner especially loves are the instant hot water from the tankless water heater, double ovens, and the 90% gas furnace.
