## Description

Welcome home to the Jefferson that delivers 2,797 square feet on two floors, with five bedrooms, four full baths, and a two-car garage. On the main level, the kitchen draws the eye with white shaker cabinets and Manhattan Gray quartz countertops, backed by a GE stainless steel gas range and refrigerator. The kitchen connects directly to the breakfast area and family room, keeping whoever is cooking close to everything else happening on that level. The covered patio just off the main level adds outdoor space for meals when the weather cooperates. The primary suite sits on the main floor with a tray ceiling, set apart from the rest of the house. Upstairs, five bedrooms and a secondary bath with dual vanity spread out the morning routine across multiple spaces. When the day winds down, the main-level primary suite offers enough quiet distance that the activity upstairs stays upstairs.
