Description

Why wait to build when the best parts are already done? This beautifully finished ****single-story**** home in Midtown at Nexton offers the ease of newer construction without the wait--or the long list of projects that often comes after closing. Professional landscaping, custom finishes, window treatments, upgraded lighting and fixtures, and an exceptional three-season porch are already in place. Just move in and enjoy. Inside, luxury vinyl plank flooring flows throughout the home, complemented by fresh paint, custom wainscoting and thoughtful designer touches. The gourmet kitchen features upgraded cabinetry, quartz countertops, custom tile backsplash, upgraded appliances and a spacious center island. An impressive ****12-foot sliding glass door**** fills the living area with natural light and opens directly to the three-season porch, creating a seamless indoor-outdoor living space that's perfect for entertaining or simply relaxing at the end of the day. The main-level primary suite offers a private retreat with custom window treatments and blackout shades, along with an upgraded tile shower. The secondary bath and laundry room have also received thoughtful upgrades, while the detached two-car garage includes a garage door opener. The builder's structural warranty and transferable termite bond remain in place for added peace of mind. Outside, professionally designed landscaping surrounds both the front and backyard, giving this newer home something that's hard to recreate overnight: a finished, established feel. And then there's Midtown. Enjoy resort-style amenities, pools, fitness facilities, tennis and pickleball courts, parks, dog parks, miles of trails, community events and easy access to Nexton's growing collection of restaurants, shopping and entertainment. Single-level living. Finished outdoor spaces. Thoughtful upgrades. Move-in ready now. Welcome home to 321 Eclipse Street.
