- Driveway

Description

Looking for a home in the country? This is the one! You can watch the sunrise in the morning and the stars at night from the porches of this cozy 3 bedroom, 2 bathroom singlewide, featuring wood-look ceiling beams, recessed lighting and an open concept kitchen. Conversations can flow easily from one room to the next. The laundry room has extra storage space for bulk items, and at the entryway, there is a drop zone with a bench for shoes and backpacks. Two bedrooms and a full bath are at one end of the home, and the primary bedroom and a private bathroom with a double sinks and a large walk-in shower is on the other end. Outside there are front and back porches and a storage shed. With almost 1 3/4 acres of land and no HOA, you can plant the garden of your dreams, or create a backyard oasis with a huge pool. Don't miss out on this one!
