Description

Imagine coastal living at its finest in this beautiful townhome-style condo located in the heart of The Market Common. From the moment you step inside, you'll appreciate the thoughtful details and quality finishes throughout. The main living areas and bedrooms feature hand-scraped hardwood flooring, while the wet areas are finished with tile. The spacious great room overlooks the private, fenced patio and beautifully landscaped courtyard. Recessed lighting, crown molding, and a ceiling fan with light add both comfort and style. The well-appointed kitchen features stainless steel appliances, granite countertops, a tile backsplash, a breakfast bar, and attractive cabinetry accented with crown molding. The formal dining room offers flexibility and could easily be used as a home office. It features a ceiling fan, chair rail, picture-frame molding, and crown molding. Completing the first level is the convenient half bath with linen closet and comfort height toilet. Wood stair treads lead to the second level, where you'll find two generously sized bedrooms, each with its own private bath. The primary suite offers a large closet and an ensuite bath with an oversized vanity, walk-in shower, and comfort-height toilet. The guest bedroom also features an ensuite bath with a tub/shower combination. Both bedrooms include ceiling fans for added comfort. HVAC replaced in May 2026. A newer washer and dryer convey with the home. Additional features include pull down stairs to the attic, 2-inch blinds, cased windows, a retractable screen door on the French doors leading to the patio, and convenient outdoor storage. Assigned parking is located just outside the gate to your private courtyard. Best of all, this home offers easy access to the beach while placing you just moments from the shopping, dining, entertainment, and amenities of The Market Common. It's the perfect blend of low-maintenance living and coastal convenience!
