Description

A 1955 Windy Hill cottage on a third of an acre, with a new roof, new HVAC, and a rental history to go with it. 3703 Poinsett Street has been standing here since back when this stretch of North Myrtle Beach was still figuring out what it would become. It has the warmth those old beach cottages always had. It's been updated and freshly painted, and two of the big-ticket items are already done: the roof is new and so is the HVAC. The home has also performed as a successful short-term rental. Then there's the lot. At .33 acres, this parcel runs nearly double the size of a typical lot on Poinsett Street. In a pocket this close to the ocean, land like this rarely comes available. There's a storage building out back and open ground in every direction — room for the boat, the bikes, or the golf cart. Survey already done and available
