Description

A beautifully restored classic home is ready to welcome its next family. This spacious, move-in-ready 4-bedroom, 2-bath residence has been extensively renovated from top to bottom, with attention given not only to cosmetic updates but also to the home's essential systems. The new owner can enjoy peace of mind knowing that many of the major components have been replaced or upgraded, minimizing maintenance concerns for years to come. Within the past year, new or upgraded windows, doors, flooring, electrical wiring, plumbing, light fixtures, and electrical outlets have been installed. The roof was replaced in 2023, and the home also features newer HVAC and water heater units. In addition, the water and sewer service lines from the house to the street have been replaced. Be sure to ask me or your agent for the complete list of improvements and upgrades that make this home an exceptional value.
