Style

- Patio Home

Description

Just two blocks from the beach, this rare two-story coastal home offers one of the larger lots in the community, with the community pool just steps from your door. Shaded by mature oak trees, the home offers an inviting blend of indoor and outdoor living. Inside, the open living area centers around a wood-burning fireplace with a mounted TV and flows into a well-appointed kitchen featuring black granite countertops, stainless steel appliances, bar seating, and a dining nook. The main-level primary suite offers a walk-in glass shower with floor-to-ceiling tile, dual-sink vanity, walk-in closet, and a full-size washer and dryer conveniently located just off the suite. French doors from the main living area open to a brick paver patio, creating an easy extension of the living space outdoors. Upstairs, a versatile second bedroom, currently used as a home office, offers flexibility along with its own covered porch. The third bedroom features an open balcony overlooking the neighborhood's mature tree canopy. Recent upgrades include a newer roof and water heater, providing peace of mind with two major home systems already updated. Residents enjoy the convenience of the shaded community pool just steps away. Move-in ready and well-suited as a primary residence, second home, or rental property. Buyers planning rental income should ask their agent for community rental guidelines.
