Description

Back on Market at no fault of the Sellers. Very large 5-bedroom home in coveted sub-division. Owner has just had all rooms painted a very nice neutral grey and installed all new blinds. The carpets have now all been replaced and the house looks brand new inside. You will not find a 5 bedroom for this price in this kind of neighborhood anywhere. The Kitchen has all stainless appliances and is part of a very open floor plan looking into the living room with cathedral ceilings and gas log fireplace. Walk through the front door and notice a beautiful 2 story foyer with a beautiful chandelier. To the right is a formal dining area and the left is a double doored office area. There's one bedroom and a half bath on the main level. Upstairs are 4 more bedrooms including the primary bedroom which has a tray ceiling and full bathroom. Full shower, double vanity, garden tub and a walk-in closet. Laundry is located upstairs, and the home comes with the washer and dryer. In the garage the home is equipped with a full Rain soft water system and irrigation system in the yard. Out back is a very large back yard with a patio. Has a 220v hot tub hook up. Nice downhill with mountain views is what gives the sub-division the name Blue Ridge Plantation. The sub-division has a nice pool area with fountains. Home is within walking distance of lake Robinson; you will see it as you are driving in. Home is priced to move quickly, do not wait!
