Lot Features

- 5 - 10 Acres

Description

Welcome to 414 Devon Way, a hidden retreat tucked inside one of Anderson's most convenient locations. As you drive nearly a mile through the Devonshire community, passing neighboring homes and open surroundings, you eventually arrive at a quiet cul-de-sac where this gated log estate suddenly appears tucked back among the trees. The feeling is immediate: WOW. It is rare to find a property that offers this level of privacy and peacefulness while still being only minutes from shopping, restaurants, medical facilities, schools, and I-85. Situated on nearly 6 acres with horses allowed, this unique property blends rustic charm, functionality, and outdoor living in a way that is difficult to duplicate. Approximately 3 fenced acres have previously been used for horses and include an upgraded 36x24 horse barn with two stalls, tack room, water, and electricity. A nice creek, mature hardwoods, open pasture areas, and wooded privacy complete the setting and create the feeling of your own private country retreat, hidden in the middle of town. The log home itself is filled with warmth and character featuring soaring cathedral ceilings, exposed beams, wide plank pine floors, and a stunning floor-to-ceiling stone fireplace that immediately becomes the centerpiece of the home. Natural light pours through the windows while the wraparound porch and expansive rear deck invite you outdoors from nearly every angle. Designed for entertaining and relaxation, the oversized rear deck offers multiple gathering spaces for grilling, dining, morning coffee, or evenings under the stars. The deck is hot tub ready with an existing 220 electrical hookup already in place along with reinforced structural support designed to accommodate the weight of a hot tub. The spacious kitchen features updated countertops installed in 2023, abundant cabinet and counter space, and flows naturally into the dining area and sunken living room. The main-level primary suite offers French doors opening directly onto the porch and deck area, a walk-in closet, dual sinks, a large walk-in shower, and updated bath flooring. Upstairs are two additional bedrooms and a full bath, while the partially finished basement offers exceptional flexibility / Recreation rm and a large workshop and utility garage area complete with shelving, workspace, roll-up garage door access, and room for hobbies, projects, storage, equipment, or recreational toys. A detached two-story garage provides additional storage and workspace, while approximately \$175,000 in recent improvements adds tremendous value and peace of mind. Updates include a new roof, carpet, updated countertops, updated primary bath, new flooring in the primary bath and laundry room, new garage door, upgraded horse barn, new entry gate, fencing improvements, hydroseeded yard, added overhang above the ramp, and extensive landscaping enhancements including newly planted trees around the property. Despite its private setting, the location is incredibly convenient: only 4.3 miles to An Med North Campus, 7.2 miles to Downtown Anderson, 4.2 miles to I-85, approximately 30 minutes to Greenville, and just minutes from grocery stores, restaurants, and everyday conveniences. Located in highly regarded Anderson School District 5. 414 Devon Way is more than just a home, it is a feeling. A place where rustic beauty, privacy, nature, and convenience come together to create something truly special. For the buyer who has always dreamed of owning a log home retreat without sacrificing proximity to town, this may be the one.
