Description

Space, privacy, and a smart layout — this like-new 4,000+ sq ft home delivers all three. Built just 3 years ago, this 6-bedroom, 4-full-bath home backs up to a heavily wooded buffer, giving you rare privacy without giving up neighborhood perks. In addition to an open concept living and dining layout, the main level features a full bedroom and full bath — ideal for guests or multigenerational living. Enjoy the private backyard from the deck right off of the living space. Upstairs, the primary suite anchors 4 bedrooms, 2 full baths, and a versatile loft space perfect for a second living area or playroom. The primary suite includes not one but TWO walk in closets as well as a large en suite bathroom. There's more! The finished walkout basement adds serious value with a large open living area, a full bedroom and full bath, plus multiple storage spaces. The basement is also plumbed with the potential to add a second kitchen. Step outside and the wooded backdrop creates a true retreat feel, while the neighborhood keeps you connected with resort-style amenities: pool, clubhouse, fitness center, walking trails, tennis courts, and pickleball courts. 6 bedrooms. 4 full baths. 3 years old. Woods behind you, amenities around you. This one checks every box.
