Description

Built in 2020, this spacious Easley home offers 5–6 bedrooms, 4 full baths, a finished walkout basement, and flexible living space across three finished levels. Adding to its appeal, the deck overlooks a tree-lined backyard with no home directly behind, offering added privacy and a peaceful wooded backdrop. The main level features a bright, open layout with a two-story foyer, great room with gas-log fireplace, and a kitchen with granite countertops, stainless steel appliances, generous cabinetry, and walk-in pantry. A main-level guest suite with full bath adds even more versatility. Upstairs, the primary suite features a tray ceiling and private bath with dual sinks, soaking tub, and separate shower. Two additional bedrooms, a loft, laundry room, and oversized bonus room with a closet complete the second level, with the bonus room offering the option for a 6th bedroom. The finished walkout basement expands the living space with a large living/rec area, bedroom, full bath, office/flex room, and storage. A 2-car garage and convenient access to Hwy 123, shopping, dining, Easley, and the greater Greenville area complete this versatile home. Qualified buyers who use the seller's preferred lender may be eligible for a lender credit on select loan programs, which may be applied toward closing costs or an interest rate buydown. See lender flyer in associated docs for qualifications, program details, and restrictions. Schedule your private showing to experience everything this home has to offer.
