Description

Welcome to 4516 Willet St, a 3-bedroom, 2-bath manufactured home on its own lot in the Creekside area of North Myrtle Beach. It is being sold furnished, has no HOA, and is just a short drive to the beach. The main living space has tile flooring and flows easily from the living room into the kitchen, which has wood cabinetry, a breakfast bar, and white appliances. A big plus is the added family room and dining area across the back of the home. Rows of windows bring in natural light, and the extra space works well for gatherings, a game room, or room for visiting family to spread out. The primary suite has a private bath with a soaking tub. Two more bedrooms and a second full bath give guests their own space, and a laundry area with a washer and dryer adds everyday convenience. Since the furniture conveys, you can move in, start using it as a getaway, or start renting it out right away. Outside, wood decks at the front and back are good spots for morning coffee or evening grilling, and the large yard has mature shade trees and a partially fenced back area. Creekside puts you close to the Cherry Grove beaches, the Intracoastal Waterway, Hwy 17, and North Myrtle Beach's shopping, dining, golf, and entertainment. Whether you're looking for a vacation retreat, primary residence, or rental investment, this home offers a strong combination of space, flexibility, and location.
