Description

If you are looking for a house to call HOME, Look no further! This stunning home grabs your attention as soon as you walk in the door. You notice the detail and great craftsmanship as soon as you walk into this home with the archways, wainscoting and chair molding with beautiful bamboo floors throughout downstairs. When you enter the home the formal Dining Room is on the right that leads to a butlers pantry, kitchen and breakfast nook. Off the breakfast nook is a double door that leads to a fenced yard. The Living Room has vaulted ceilings giving it a very open feel. The first level master suite has French Doors leading to a very nice Sitting Room perfect for a nursery or a quiet place to read a book. Also has a double door that leads to a porch outside the bedroom. The Master Bath has recently been renovated with a luxury shower and a double vanity and attached walk in closet. Upstairs has two large bedrooms and an office that can be used as a bedroom and a full bath. Water heater and roof were replaced in 2016. The two HVAC units were also replaced, one a year ago and the other two years ago. Mature trees give this property some privacy and shade. A side load garage adds even more value to this house! This home is close to the elementary, middle and high schools.
