## Description

THIS IS NOT A MOBILE HOME! Opportunity awaits on Clifton Glendale Road! Situated on 1.78 acres, this 2-bedroom, 1.5-bath home offers a flexible layout with the potential for a third bedroom. The sunroom includes a closet and private side entrance, making it a great option for an additional bedroom, home office, or second living area. The property also includes an additional homesite area on the same parcel where a mobile home was previously located, with water, power, and septic already in place. A natural spring adds even more character to the land. Recent improvements to the main home include new windows, new gutters, and a metal roof. With so many possibilities for future use, this property is ready for a buyer with vision!
