- Traditional

Description

Brand new and just minutes from downtown Greenville, 4A Maco Street stands out with custom details, a flexible five-bedroom floor plan and spaces made for both everyday living and entertaining. A covered brick front porch leads inside, where a herringbone hardwood flooring detail at the entry sets the tone for the craftsmanship throughout. Wood floors continue throughout the home, complemented by detailed trim work, dual primary suites and two laundry rooms. The main level features an open living, dining and kitchen layout with a gas log fireplace and access to the screened porch with a wood-burning fireplace and gas starter. The chef's kitchen includes gorgeous countertops, a gas range, pot filler, custom cabinetry, a statement backsplash and large center island. Tucked just out of sight, the hidden scullery adds extensive cabinetry, a wall oven and second dishwasher. Also on the main level is a primary suite with a large walk-in closet and custom closet system. The en suite bath includes dual sinks, a separate tub and a tiled walk-in shower finished to the ceiling. A laundry room with sink and storage plus a powder room with custom wallpaper complete the first floor. Upstairs, a large landing works well as a second living room or flex space. The second primary suite features dual vanities, a separate soaking tub, private water closet, tiled walk-in shower and massive walk-in closet. Three additional bedrooms (or two bedrooms plus an office) include custom closet systems and share a bathroom with dual sinks and a tiled tub/shower combination. A second walk-in laundry adds even more convenience upstairs. With five bedrooms (or four bedrooms plus an office), dual primary suites, a hidden scullery, amazing outdoor living, and multiple gathering spaces, 4A Maco Street combines custom finishes with a location convenient to downtown Greenville. Walk to Cleveland Park, Swamp Rabbit Trail access, downtown Greenville and so much more!
