Description

Cutest little cottage! This updated cottage comes fully furnished with a great fenced in backyard. The double gates on the side fence allow for your boat, vehicles, etc to be stored in the back yard. The outdoor Gazebo is a great afternoon gathering spot. Inside the kitchen and dining area flow to the living area making for a open concept that lives larger. Both bedrooms are large enough for queen beds and the bathroom has a full sized tub. Whether you are buying a primary, second, or investment property, this property is located close to the interstate making it easy to navigate around all of Charleston.
