Description

Step inside this beautifully maintained Ashcroft home and discover a layout designed for comfort, convenience, and flexibility. Built in 2023, this 4-bedroom, 3-full-bath home features approximately 1,975 square feet of thoughtfully designed living space in Northeast Columbia. The open-concept main level features a spacious kitchen with quartz countertops, a deep farmhouse sink, modern cabinetry, smart appliances, and a large center island that flows easily into the main living and dining areas. The main-level primary suite provides a private retreat, while a second bedroom and full bath on the first floor create an ideal option for guests, a home office, or multigenerational living. A custom built-in pet retreat on the first floor is a charming and functional feature designed with your four-legged family member in mind. Upstairs, two additional bedrooms and a full bath provide comfortable separation and flexible space for family, hobbies, or work-from-home needs. Luxury vinyl plank flooring, smart-home features, a 2-car garage, and a low-maintenance lot add to the home's everyday appeal. Ashcroft residents enjoy access to a pool, clubhouse, playground, firepit, and hammock garden. Conveniently located near Clemson Road shopping and dining, I-20, Fort Jackson, and downtown Columbia, this home brings together the space, location, and community lifestyle today's buyer is looking for.
