- Paved

Description

The Oakland B floor plan offers a 1.5-story design that combines open living with clearly defined spaces for comfort and functionality. A spacious foyer welcomes you into the home, leading into an open layout that maintains distinct separation between the family room, dining room, and kitchen, creating a natural flow for everyday living and entertaining. The main living areas are finished with granite countertops and luxury vinyl plank flooring, providing both durability and modern appeal. The primary suite is located on the main level, offering convenience and privacy, while the layout is thoughtfully designed to maximize livability. A covered porch extends the living space outdoors, ideal for relaxing or entertaining. Upstairs, a large bonus room over the garage provides flexible space, perfect for a home theater, media room, or additional living area. Located in the established Marion Grove subdivision in Greenville, this ready-to-build new construction offers the freedom of NO HOA in a convenient in-town location. One of six homes currently being built, the Oakland B features a 2-car garage and approximate home dimensions of 50 ft wide by 58 ft deep, with an estimated construction timeline of approximately 8 months from contract execution. Marion Grove offers a quiet residential setting just minutes from shopping, dining, medical facilities, and downtown Greenville, with easy access to parks, entertainment, and major roadways.
