Description

Welcome to 7 Acorn Ct in Greenville, tucked away on a quiet cul-de-sac along a wonderful little street with just eight homes. Less than a mile from Wade Hampton High School—ranked among the Top 25 high schools in South Carolina by U.S. News—this home offers a great location with something even better: potential and flexibility. And really, that's the theme here. This home is a blank slate, ready for all those dream-home ideas you've been saving. With four bedrooms and three full baths, you already have a solid foundation and a floor plan that can adapt as life changes. The fourth bedroom? Make it an office, study, workout room, guest suite or even a mother-in-law suite if needed. This is a house that can grow with you. The kitchen and den area have that classic mid-century layout where everyone naturally seems to gather, while the oversized front living and dining combination gives you plenty of room for entertaining. And the kitchen is LARGE. Is it ready for a glow-up? Absolutely. But with the space already there, it could truly be fabulous. Out back, the large fenced yard gives you even more room to dream—add a pool, a fire pit, gardens, an outdoor entertaining area...the works. 7 Acorn Ct isn't trying to be someone else's version of perfect. It's a well-located home with great space, a flexible floor plan and loads of potential, ready for someone to come in and make it their own. Come take a look. You might just start planning that kitchen before you leave.
