Description

LISTED BELOW APPRAISAL VALUE, INSTANT EQUITY IN THE HOME, PRICED TO SELL. APPRAISAL AVAILABLE UPON CONTRACT. Welcome to this exceptional 5-bedroom, 3.5-bath home offering over 3,300 square feet on 1.61 acres in the highly desirable Hammond Hall community. Built just 4 years ago, this property combines modern design, high-end features, and incredible outdoor living—without the wait of new construction. Inside, you'll find an open and inviting floor plan designed for both everyday living and entertaining. The chef's kitchen is a true standout, featuring a gas stove with double oven, farmhouse sink, ample cabinetry, and generous workspace, all flowing seamlessly into the main living areas. The oversized den with gas log fireplace creates a warm and welcoming gathering space, while the sunroom adds even more versatility and natural light. A dedicated office provides the perfect work-from-home setup. The spacious primary suite is conveniently located on the main level, offering a private retreat with multiple closets, a garden tub, and separate shower. Upstairs, you'll find four additional generously sized bedrooms, two full bathrooms, and a loft area—ideal for guests, family, or flex space. Step outside to your own private oasis. The 16x32 in-ground saltwater hybrid pool (with concrete walls, steps, and vinyl liner) is perfect for summer enjoyment, complemented by a gazebo with lighting, a horseshoe pit, and a swing. The expansive yard also features two apple trees, one plum tree, and plenty of space to roam—with the option to have chickens. Enjoy peaceful views of wildlife and neighboring farm animals while entertaining or relaxing in this beautiful outdoor setting. Additional features include 2-inch faux wood blinds throughout, garage ceiling storage racks, sprinkler system (front and back excluding treeline), and a tankless gas water heater. Sellers have cleared some dead trees and made room to expand your backyard oasis. You can add your own custom built shed on one side and you can make a sand volleyball area, basketball, or pickleball area. Or, if not a sports fan, build your own greenhouse for a tranquil garden, or you could even add a garage in the back. Unlimited possibilities. This home truly has it all and must be seen to be appreciated—it is definitely not a drive-by. Schedule your showing today!
