Description

A rare opportunity in Lugoff's Valley View subdivision, this impressive estate offers 5.94 acres, an in-ground saltwater pool, more than 4,100 square feet of finished living space, and exceptional garage and workshop space. Thoughtfully designed for both everyday living and entertaining, the home features five bedrooms and five full baths, including two private en-suites. The primary suite is conveniently located on the main level. Hardwood floors, high ceilings, recessed lighting, and a fireplace add warmth and character, while the kitchen features granite countertops, stained cabinetry, and double ovens. The 1,442-square-foot finished walkout basement adds incredible versatility with a spacious living area, private en-suite bedroom, additional full bath, and plenty of room for recreation or entertaining—ideal for guests or multigenerational living. Outdoors, enjoy nearly six acres of privacy, an in-ground vinyl saltwater pool, expansive back deck, and walkout patio. The property also delivers outstanding garage and workshop space with a 900-square-foot attached garage, 768-square-foot detached workshop with two garage bays, adjoining 768-square-foot open shed, and approximately 510 square feet of storage above the attached garage. Located in Valley View with covenants and restrictions but no HOA, and zoned for Lugoff-Elgin schools, 75 Valley View Drive offers a hard-to-find combination of acreage, space, privacy, and amenities.
