- Workshop in Garage

Description

Welcome to a rare opportunity to own nearly 10 acres of privacy, natural beauty, and room to breathe—just minutes from some of the Upstate's largest employers, shopping, dining, and major transportation corridors. Surrounded by mature hardwoods and gently rolling terrain, this property offers the kind of peaceful setting that's becoming increasingly difficult to find. Whether your perfect day includes relaxing on the patio, tending a garden, gathering around a firepit, exploring wooded trails, watching wildlife, or simply enjoying the quiet that comes with owning your own piece of nature, this property offers a lifestyle few homes can match. The approximately 1,918-square-foot home features three bedrooms, two bathrooms, an updated kitchen with granite countertops and stainless steel appliances, flexible living spaces, and a two-car garage with workshop area. Major updates include a new HVAC (2026), a 2024 roof, expanded driveway and turnaround area, additional parking, drainage and retaining wall improvements, and an outdoor patio designed to take advantage of the surrounding landscape. The property includes approximately 9.74 acres, with roughly 7.9 unrestricted acres that provide exceptional privacy while offering flexibility for hobbies, recreation, gardening, chickens, walking trails, outdoor entertaining, or simply preserving the wooded character that makes this property so special. A natural creek, abundant wildlife, and established trails create a setting that feels miles from everything—while remaining just minutes from BMW, Michelin, the Keurig Dr Pepper manufacturing facility, GSP International Airport, Interstate 85, Greenville, and Spartanburg. Whether you're searching for a private retreat, a weekend escape that you can enjoy every day, or simply a home where your backyard extends far beyond what you can see out your kitchen window or your back deck, this property delivers a rare combination of acreage, convenience, and lasting privacy.
