Description

Just steps from the beach, this enormous 5 bedroom 5 bathroom two-level condo is now for sale! Designed for comfort and entertaining, this condo features an oversized kitchen with granite countertops, a beautiful tile backsplash, stainless steel appliances and two refrigerators, making it ideal for hosting family and friends or accommodating rental guests. The main level offers a large bedroom, 2 full bathrooms and of course the kitchen and main living areas. Just off the dining and living room is access to one of two huge balconies. Upstairs, enjoy a game room/second living room and the other 4 bedrooms and 3 full baths. This is where you will find the second large balcony, perfect for relaxing after a day at the beach. Residents and guests enjoy access to a private outdoor pool and grilling/picnic area, with easy beach access directly across the street. Short-term rentals are allowed, offering flexibility as a primary residence, vacation home, or investment property. This one doesn't feel like your typical shotgun style condo, it actually doesn't feel like a condo at all. When you walk into Coconut Grove 203, you feel like you're in a beach house. The best part is, you get that beach house feel for half the price and none of the exterior maintenance. Recent updates include new flooring downstairs and on stairwell, new HVAC units installed in 2023 and 2025, new kitchen backsplash and tile in the entry way. The owners have meticulously maintained this property for not only themselves, but for rental guest comfort. This property is located just a few short blocks from all the fun and top-rated dining, shopping, entertainment, and everything Main Street and North Myrtle Beach as a whole has to offer.. without the noise that comes with it. This is the ideal unit to host your large family or group of friends where everyone is comfortable. The memories here would be unforgettable. Come make this your place at the beach! All information is deemed reliable and not guaranteed, buyer to verify any and all pertinent information.
