Description

OCEAN WITHIN WALKING DISTANCE 0.30 acres. NO HOA. A classic brick home. An attached garage. And you're still in North Myrtle Beach. Welcome to 903 Tiffany Lane, a 2-bedroom, 1.5-bath single-family home offering something increasingly difficult to find near the coast: your own land, your own yard and room to make the property yours. Inside, approximately 1,236 square feet keeps everyday living comfortable and uncomplicated. The single-level layout features a main-level primary bedroom, fireplace, solid-surface countertops and a Carolina room that adds another place to relax, work or unwind. But the real headline is outside. Step onto a 0.30-acre lot surrounded by mature landscaping, with a fenced yard, rear porch and patio, storage shed and an outdoor shower that's practically made for rinsing off after a day at the beach. Want a garden? There's room. Need storage? You've got it. Have beach gear, bikes, tools or a golf cart? There's an attached garage. Dreaming about creating your own backyard retreat? Here, you actually have the space to start imagining it. And because there's NO HOA, you won't be writing another monthly association check just for the privilege of owning your home.*
