- Traditional

Description

Welcome to 914 Lakeview Drive, a stunning new construction custom home situated on an expansive half-acre (.53) lot in the heart of the Groves, one of Mount Pleasant's most sought-after neighborhoods. Offering approximately 5,000 square feet of thoughtfully designed living space, this exceptional residence seamlessly blends timeless architecture, luxury finishes, and modern functionality. The main home features five spacious bedrooms and five-and-a-half bathrooms, including a luxurious first-floor primary suite complete with dual walk-in closets and a spa-inspired bath featuring dual vanities, a soaking tub, and an oversized walk-in shower. Designed for both everyday living and entertaining, the main level also includes a formal dining room, private study or sitting room, and an open-concept living area anchored by a gourmet chef's kitchen. Premium appointments include a Wolf 48-inch gas range, Sub-Zero paneled refrigerator, custom cabinetry, and designer finishes throughout. The adjoining living room showcases exposed beam ceilings, a paneled gas fireplace, and direct access to a screened porch overlooking the private backyard. Upstairs, a spacious loft provides an ideal secondary living area, while an additional 15' x 18' media room or office offers flexible space for work or recreation. Four generously sized guest bedrooms, each with a private en-suite bathroom, and a well-appointed laundry room with custom cabinetry and sink complete the second floor. A detached two-car garage includes an approximately 600 square foot accessory dwelling unit featuring a living and sleeping area, large closet, and full bathroom perfect for guests, extended family, a home office, fitness studio, or income-producing opportunity. Exceptional craftsmanship and quality materials are evident throughout the property. Features include galvanized standing-seam metal roofs on both the main residence and garage, spray foam insulation, cement plank siding, wide-plank European white oak flooring, marble tile, custom cabinetry, Emtek hardware, and Visual Comfort lighting. The professionally designed landscape and hardscape plan has been carefully curated to preserve and showcase the property's magnificent grand oak trees while creating a private outdoor retreat. A pool site plan is available upon request, offering the opportunity to further enhance the backyard oasis. Ideally located just minutes from Shem Creek, Old Mount Pleasant, Sullivan's Island beaches, and historic Downtown Charleston, 914 Lakeview Drive presents a rare opportunity to own a brand-new custom home in one of the area's most desirable locations. The property is zoned for Mt. Pleasant Academy, Moultrie Middle, and Lucy Beckham High School
