Description

This fully renovated masonry home offers total peace of mind with all major systems updated. The recent 2026 rehab includes a new architectural shingle roof, new HVAC with all-new ductwork, new insulation for improved efficiency, a full electrical rewire with a modern service panel, and new energy-efficient vinyl windows. The property also features a newly installed septic tank. Inside, the open floor plan features durable wide-plank LVP flooring and recessed LED lighting throughout. The kitchen is outfitted with soft-close Shaker cabinetry, black granite countertops, and a brand-new stainless steel Whirlpool appliance package. The living area is centered around an original masonry fireplace with a clean black brick finish and a custom wood mantle. Outside, the home features a large full-width covered front porch and new privacy fencing. The location is a major selling point, sitting less than 2.5 miles from Prisma Health Richland Hospital and under 4 miles from the University of South Carolina and downtown. You also have immediate access to I-20 and can enjoy an easy drive to the Soda City Market on Saturdays.
