Description of property at Raw Dew Drive:

Remarkable cul-de-sac lot backing to the National Forest and surrounded by newer custom homes. No expensive and drawn out due diligence periods - survey and septic permit in hand and underground electric installed along the paved road. Close enough for an easy commute to all of Mt. Pleasant's conveniences but far enough to wind down and leave the noise and traffic behind. Park your boat or RV in your yard. Launch the boat at Garris Landing or take the Bulls Island Ferry to explore the Cape Romain National Wildlife Refuge. Don't let this one pass you by!
