

Charleston Home Measuring

Measuring Homes Since 2003

Measurements for:

1928 Chatelain Way Mount Pleasant, SC 29464

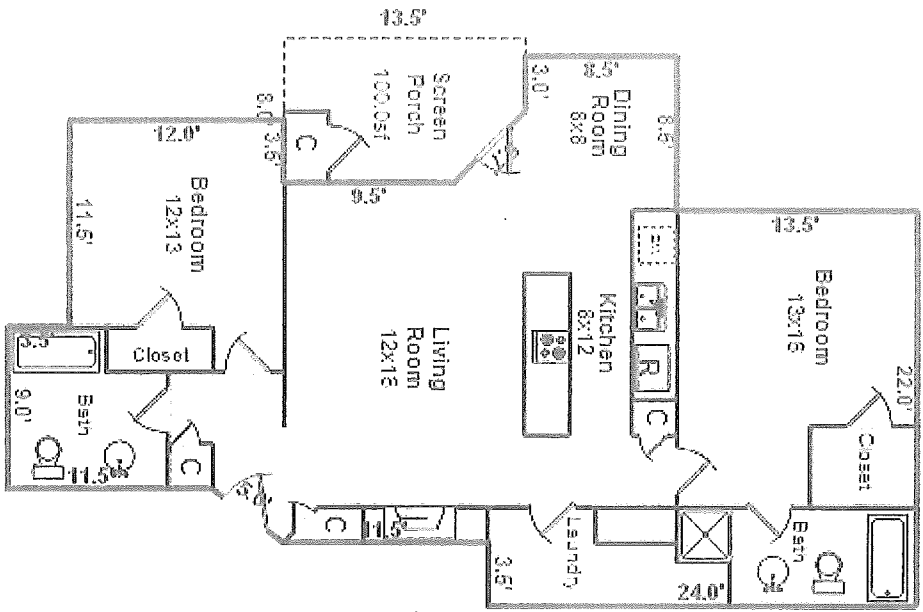

Living Area 1124.8sf

Total Gross Living Area is 1,125 Square Feet

The above dimensions were gathered performing an interior and exterior measurement of the property.

This report calculated the square footage for the requested property and is for informational purposes only, it is not performed as part of an Appraisal. The subject property is a condominium and therefore interior dimensions are used to determine the Gross Living Area.

ANSI, the industry standard for home measurement has been followed in this assignment. Total Gross Living area is heated/cooled finished area and is rounded to the nearest whole foot. Interior room dimensions are approximate.
